AVIATION SERVICE DOCUMENT NOTIFICATION

TO: GI 275 Owner and Operators
DATE: June 24, 2024
SUBJECT: GI 275 Multi-function Instrument Installation in MD Helicopters, LLC 369D, 369E, 369F, 369FF and System Software Version 3.20
CERTIFICATION AUTHORIZATION: STC SR01980WI

COMPLIANCE

Optional: STC Service Bulletin 24052 is optional and may be incorporated at the owner's discretion.

PURPOSE

This STC Service Bulletin provides notification of an update to STC SR01980WI Master Drawing List Revision 6.

This STC update adds approval for the installation of the GI 275 Multi-function Instrument into the following MD rotorcraft:

- 369D
- 369E
- 369F
- 369FF

This STC update also adds approval for GI 275 Software Version 3.20 which provides the following updates:

- Selectable along-track waypoints
- Optional display of supplementary altitude units (meters/feet)
- Multiple Weather Report Viewing
- Improved traffic and terrain popup management
- Synchronized message flashing between GI 275 and other Garmin LRUs
- Improved distance to destination MFD data
- Support for a new G-meter display option on the Miscellaneous field on the ADI and HSI pages

PRODUCTS AFFECTED

GI 275 Multi-function Instruments installed under the GI 275 Part 27 AML STC SR01980WI are affected.

Please contact your local Garmin Avionics Dealer (<http://www.garmin.com/dealers/>) for additional information or for questions regarding this notification. This service notification and associated bulletin/advisory product changes can only be implemented through Garmin's authorized dealer and service center network. This document is not a substitute for and cannot be used in lieu of the document(s) referenced above for airworthiness approval.
